

FOR IMMEDIATE RELEASE:

***Day4 Energy closes \$16.8 Million financing for business expansion***

***Vancouver, BC September 20, 2007*** - Day4 Energy Inc. has announced that it has completed a private placement of \$16.8 million. The company will use the proceeds to continue its expansion plans to meet increasing demand for its premium photovoltaic power generation products.

The private placement is the second successful financing completed by the company this year. Earlier in January, 2007 Day4<sup>®</sup> completed an equity private placement totaling \$11.1 million.

“We were very pleased with the response from the investment community” said George Rubin, President and COO of Day4<sup>®</sup>. “Notwithstanding recent market volatility, we have received a very strong and positive response from the investor audience”

“Since May of this year, we have doubled our staff count, and more than tripled the sales volumes” Rubin continued. “This latest financing will provide capital for immediate expansion of our manufacturing operations required to meet the needs of our sales channel partners through 2008 and 2009.”

**About Day4 Energy Inc.**

Day4 Energy Inc. produces industry leading photovoltaic (“PV”) panels for its rapidly expanding worldwide customer base. Day4<sup>®</sup>’s unique PV power generation products are based on proprietary next generation technology. The Day4<sup>®</sup> Electrode provides an all inclusive package of performance, quality, longevity and aesthetics that has quickly made Day4<sup>®</sup> the product of choice for many customers around the world. Day4<sup>®</sup> has a strong Vancouver based R&D team that continues to provide innovation for future products that will reduce the cost of PV power generation. The company was formed in 2001 and is headquartered in Burnaby BC.

Day4’s major customers are based in leading photovoltaic jurisdictions including Europe and the United States, and in Canada.
